

New Public Elementary School - One Of Seven In A Single District

One of seven schools passed in a city bond election in an East Texas city. **elfa**® is being utilized in general storage areas, library, book storage and custodial closets.

The Literacy Library is the heart of this elementary school; students of varying language abilities use this highly regarded resource room regularly.

elfa® shelving lines the walls and the **elfa**® island is utilized for center of the room storage of materials.

This room also serves as a small computer lab.

elfa® was installed in all the main storage areas for current and future storage use - a rare commodity in most schools.
